Delivery service estimates are based on mainland UK only, and are dependent on stock availability. Other serviced areas may have an extended delivery time frame. Although we endeavour to deliver all orders within the quoted times, the seller shall not accept any liability for failure to dispatch within this time.

For any failed deliveries due to the End-User, the seller will charge for failed delivery and redelivery. Despatch times will be extended during holiday periods. Failure to supply the seller with all required delivery information may result in extended despatch times.

All deliveries are made curb-side, and it is the responsibility of the person accepting delivery to transport goods into the property. Damages must be reported within 48 hours; any claims reported within this time will be judged at the discretion of the seller. The seller cannot accept responsibility for any claims made after this time. All deliveries must be fully checked by the person accepting delivery and any shortages reported at the time of delivery.
